## To Whom It May Concern

### Reference for PBG Ltd.

We, the undersigned Management of Coca-Cola HBC Hungary Ltd, Zalaszentgrót Mineral-Water Plant, certify that PBG Ltd. executed the geophysical audio-magnetotelluric surveys of Naturaqua-4 well to our satisfaction.

During the period of this project in 2012 PBG made survey for us with the aim as follows:

- location of water bearing fractured zones (faults) down to 1000 m investigation depth
- determination of the top of the basement
- indication of the location of the new well based on the interpreted profiles and maps

In summary, we carried out the well-drilling as per PBG's instructions at the location indicated by them and we found the water.

Based on the above listed tasks we learnt PBG as a reliable and hard-working team, doing their job with good results.

Zalaszentgrót, 2013. 01. 15.
