TO WHOMSOEVER IT MAY CONCERN

Subject: Successful completion of 2D Magnetotelluric Survey by PBG Poland at 198 locations for Geothermal Assessment at Gujarat Sector India

We hereby confirm that **M/s. PBG Geophysical Exploration Ltd.** located at Street: 76 Jagiellonska, Postal Code IC ity:03-301 Warsaw, Poland was retained by **Centre of Excellence for Geothermal Energy (CEGE), PDU, Gandhinagar Gujarat** for conducting 2D MT survey for three locations for geothermal exploration namely (no. of MT soundings) Unai(66), Gandhar(66), and Dholera (66) (Excluding Tulsishyam, Tuwa And Chabsar). The number of sounding stations for 2D MT survey remains the same 198. The details of the order are as follows:-

Tender Number: PDU/CEGE/MT/2013/BB/01

Purchase Order Number: PDU/CEGE/MT/2013/BB/01/P1 dated 28/01/2014

The brief scope of work includes mobilization & demobilization of experienced manpower for this job, gadgets for Acquisition of 2D MT data, hiring of local manpower, liaisoning with the police and district level authorities, farmers of that area, so that site activities can be completed without any stopover / difficulty.

We are pleased to confirm that this project has been successfully completed by PBG, who had further processed and interpreted the 2D MT Data and submitted the final results to **Centre of Excellence for Geothermal Energy (CEGE), PDU, Gandhinagar Gujarat** for their further assessment and review.

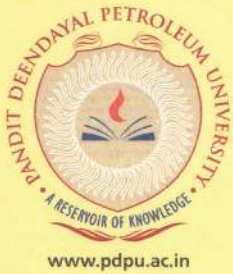

We are happy to announce that PBG also demonstrated the results at the very first International Geothermal Conference organized by PDU on 1st May 2015 and 2D MT Survey project had been successfully completed as per the terms and conditions on the purchase order

Our long association on this project with PBG has helped to obtain results for CEGE, PDU in R&D area and identify geothermal prospects in Gujarat, India.
